Patent Application Serial No. 09/926,697

AMENDMENTS TO THE CLAIMS:

This listing of claims will replace all prior versions, and listings, of claims:

Claims 1-46 (Canceled)

Claim 47 (Currently Amended): A risk care business system, comprising: [[An]]
an oral disease risk improvement sheet, said sheet including a surface further comprising:
a risk estimation processing part and a risk avoidance measure presentation processing
part: [[.]]

(a) wherein said risk estimation processing part [[has:]] includes
a data gathering part ~~provided with an examination item display section that displays a~~
current presence/absence of a plurality of risk factors and means for examining the
~~presence/absence or current state of the risk factors; and an answers section corresponding to the~~
risk factors;

~~examination item display section;~~

a judgement criteria part ~~provided with a risk value judgement criteria section that~~
stipulates an unequivocal correlation between the answers and preset risk values;

a risk judgement part provided with a judgement section for recording the risk values for
the risk factors converted from the answers of the answers section ~~based on the risk value~~
~~judgement criteria section and~~ space for calculating an overall risk value by arithmetic;
processing; and

an overall risk display part provided with an overall risk judgement criteria section that
unequivocally stipulates an overall risk allocated to one of a plurality of preset levels from the
overall risk value, an overall risk display section that displays an overall risk showing a risk level
of an examinee, and an explanation section that explains the risk level, and

(b) wherein said risk avoidance measure presentation processing part [[has]] includes

Patent Application Serial No. 09/926,697

a risk avoidance measure display part ~~provided with a risk avoidance measure presentation criteria section~~ in which are shown ~~[[the]]~~ a necessity of re-examination and ~~[[the]]~~ a time of re-examination; ~~(recall judgment);~~

a guidance display section in which are displayed guidance contents for guiding lifestyle habits so as to reduce the risk, and a means display section in which are displayed tools effective for carrying out the risk improvement in accordance with a guidance of said guidance display section; and

an improvement possibility display part.

Claims 48-50 (Canceled)

Claim 51 (Currently Amended): ~~A risk care set, comprising, an oral disease risk improvement sheet~~

The risk care business system as recited in claim 47, including ~~[[and]]~~

a risk improvement tools including guidance tools comprising any one of videos, CDs, cassette tapes, panels, books, computer software containing guidance on improving eating habits and brushing guidance used for the purpose of teaching knowledge and increasing awareness with regard to oral hygiene, diseases, and products for the oral cavity comprising any one of the mouthwashes, sprays, foams, gels, tablets, chews, capsules, gum, foods, toothbrushes, interdental brushes, dental floss, and irrigators.

Claim 52 (Currently Amended): ~~[[A]]~~ The risk care business system as recited in claim 51, further comprising:

~~an oral disease risk improvement sheet recited in claim 47,~~

Patent Application Serial No. 09/926,697

examination means for implementing a question-based examination and an oral cavity examination as indicated by said risk improvement table on each test subject; and

calculating means for applying examination results to the [[“]] risk estimation[“”]] processing part of said risk improvement table, working out a risk value for each risk factor judged objectively, and calculating an overall risk value,

~~and a risk improvement tools including guidance tools comprising any one of videos, CDs, cassette tapes, panels, books, computer software containing guidance on improving eating habits and brushing guidance used for the purpose of teaching knowledge and increasing awareness with regard to oral hygiene, diseases, and products for the oral cavity comprising any one of the mouthwashes, sprays, foams, gels, tablets, chews, capsules, gum, foods, toothbrushes, interdental brushes, dental floss, and irrigators.~~
